

## Watch the Program on Satellite or Antenna TV

- **Find the station near you on the program schedule. The program is available on Christian Television Network--Mondays at 6pm Eastern / 5pm central time on DirecTV (Channel 376), Dish Network (Channel 267), and Glory Star Satellite System (Channel 117).** It is available weekly on local, over-the-air stations, also (see schedule for details). **The program is NOT available on cable.** If you have cable, you may be able to get the program with an antenna.
- **Before purchasing an antenna or satellite TV, please check the program schedule for availability.**
- **For antenna TV:** Check online or at a local store for setup and reception instructions for antennas. You may need a converter box in addition to an antenna for better reception, or for TVs made prior to 2012. **Connect the antenna to your TV** to receive the channel near you, listed on the program schedule. **With your remote control, set Input to "TV" and the TV's connection to "Antenna."** If you have cable, it is possible to set one input to be cable, and the other to be the antenna input. **In your TV's settings, or with your remote, select "Rescan"** to receive the most over-the-air channels in your area. **Change the TV channel to the one that airs the program.** Most antenna TV stations that show our program broadcast other paid programs, also. If you get a blank screen, the station's signal may be too weak to receive, or you may need to adjust the connection, TV setup, or the direction of your antenna.
